MEET THE MEMBERS

Lauren Brabrand ('25) is AB's Business Manager this year! Hailing from Richmond, Virginia, Lauren has followed in the footsteps of her beloved Music Director and high school classmate, Alex. When she's not enthusiastically playing piano covers of the Wicked soundtrack during rehearsal, Lauren can be found playing Cool Math Games or listening to her favorite AB song, "Anne Arbour" by the Get Up Kids. AB is so lucky to have Lauren!

Riley Crimmins ('26) is one of AB's wonderful newbies this semester! One of the kindest people we've ever met, Riley is known for his generosity, positive attitude, and hosting AB at our fall retreat (thank you Crimmins family!) When he's not making the hike to Alice Lloyd, you can find Riley at his incredible gaming set up and encouraging us to join his Minecraft server. AB is so lucky to have Riley!

Brady Dolan ('26) is one of AB's wonderful newbies this semester and joins a long lineage of acappella geeks. If he hasn't told you by now, Brady was in Skyline Blues and is super excited to lead AB on the Bass mic. Brady is also one of our perfect pitch boys, has more subscribers on YouTube than AB does, and has recently turned into a boba and coffee addict. AB is so lucky to have Brady!

Morgan Gomes ('25) is AB's phenomenal Performance Director this year! Best known for her riffing abilities, chill attitude, and fun earrings, Morgan never fails to make us smile. When asked to describe Morgan, AB members say she "always slays boots the house down." Morgan can simply do it all, which she demonstrated as Audrey II in Musket's production of Little Shop of Horrors this year. AB is so lucky to have Morgan!

Chelsea Grey ('23) is one of two Alpha class members and the oldest member of AB. How did that happen? Former members reveal her tarot card readings were “a little too accurate.” When she’s not asking for your sun, moon, and rising, you can find Chelsea rocking stellar outfits and jamming out to Taylor Swift. Not sure which one is Chelsea? Look for the vegan creative writing major. AB is so lucky to have Chelsea!

Olivia Han ('26) is one of AB’s wonderful newbiest this semester and AB’s most intimidating member. Gym bro by day and anime stan by night, Liv looks like she could kill you, and would kill you. Having played Donna in her high school production of Mamma Mia (which she may have mentioned once or twice), she was ecstatic when we announced our ABBA theme. Just know if you feel a biting on your shoulder, Liv is near. AB is so lucky to have Liv!

Austin Killam ('25) is almost one of our perfect pitch boys, with perfect relative pitch. With an endless passion for music and acappella, Austin never fails to bring energy to rehearsal. If we ever don’t sound quite right, he is quick to “see” the issue. When he’s not studying one of his endless STEM classes, you can find Austin suggesting a No Thai or boba run before rehearsal. AB is so luck to have Austin!

Jason Koch ('25) is AB’s star musical theater major, when he makes it to rehearsal. Our stellar vocal percussionist, or “perc boy” as we affectionately call him, Jason has perfect pitch and won’t let you forget it. Known for his sight reading abilities, spontaneous dancing, and extreme sass, Jason is an integral part of our group. AB is so lucky to have Jason!

Alex McKay ('24) is our amazing Music Director and resident Pentatonix stan. Known for his love of riffing and expressive conducting, Alex works tirelessly to make AB the best we can be. One of our two Alpha class members, Alex is an AB legend. When he's not writing AB's newest arrangement, you can find Alex on a Bursley-Baits bus to SMTD or listening to an acappella set on YouTube. AB is so lucky to have Alex!

Muskaan Mittal ('26) is one of AB's wonderful newbies this semester! Voted best dressed at an AB date party, Muskaan always knows how to steal the spotlight in the best way possible. CS goddess by day, Muskaan is never afraid to tell you when you're singing the wrong notes and will always somehow find out your deepest secrets. AB is so lucky to have Muskaan!

Cameron Moy ('24) is AB's President and benevolent leader this year! Cam attended his first ever AB concert at the ripe old age of six. When he's not actively roasting every member of the group, Cam can be found drinking Okinawa Brown sugar boba from Quickly or attending a Michigan hockey game. AB is so lucky to have Cam!

Ellie Omori-Sampson ('25) is AB's most social member, with friends ranging from frat boys to international pen pals. Known for her hardworking attitude and commitment to social justice, Ellie is always ready for a debate. When she's not spending hours on a PoliSci problem set you can find Ellie in a practice room or leading the club she founded, the Michigan-Hawai'i Student Association. AB is so lucky to have Ellie!

Quinn Sahutske ('25) is AB's resident TikTok queen and show choir expert. When she's not forcing AB members to make the next viral TikTok, Quinn can be found hosting AB's rockin' bonfires, designing stellar merch, or providing top notch snacks (shoutout Quinn's mom). When asked "name a fictional character you wish were real", Quinn said Axl Heck from The Middle. AB is so lucky to have Quinn!

Justin Schutz ('25) is AB's assistant Music Director this year! He always brings the most incredible energy to our rehearsals, and can make even the grouchiest member smile. As our resident Hosier doppelganger, Justin has almost perfected the "grunge dad" look. In his spare time, you can find Justin shredding on the guitar, studying for Calc. III, and studying up on horoscopes. AB is so lucky to have Justin!

Shantelle Subkhanberdina ('26) is one of AB's wonderful newbies this semester and arguably the sweetest person to ever step foot on the Rackham Auditorium stage. Voted AB's biggest friend crush, it's safe to say everyone is in love with her. Shantelle is from France and is queen of plunking out her notes on her iPad keyboard. According to an online simulator, Shantelle would win in an AB Hunger Games. AB is so lucky to have Shantelle!

Maddie Surowiec ('25) is AB's resident sorority girl, with the fashion sense and busy schedule to prove it. Known for organizing all of AB's socials and coining the "sexy Maddie walk", she always has the best vibes and coolest leather pants. When she's not practicing her music theory skills, you can find Maddie improving harmonies in the hallway or drinking Starbucks. AB is so lucky to have Maddie!

FOLLOW US!

Thank you so much for attending ABBA and supporting Michigan A Cappella!
